MULTIPLAN CORPORATION
Notes to Unaudited Condensed Consolidated Financial Statements

1. General Information and Basis of Accounting

General Information

We are a leading provider of data analytics and technology-enabled solutions designed to bring affordability, efficiency and fairness to the U.S. healthcare industry. We do so through services focused on reducing medical cost and improving billing and payment accuracy for payors of healthcare, which include health insurers, self-insured employers, federal and state government-sponsored health plans (collectively "Payors") and other health plan sponsors (typically through their health plan administrators), and, indirectly, the plan members who are the consumers of healthcare services.

Throughout the notes to the unaudited condensed consolidated financial statements, unless otherwise noted, "we," "us," "our", "MultiPlan", and the "Company" and similar terms refer to Polaris and its subsidiaries prior to the consummation of the Transactions, and MultiPlan and its subsidiaries after the Transactions.

Basis of Presentation and Consolidation

The accompanying unaudited condensed consolidated financial statements of MultiPlan Corporation have been prepared pursuant to the rules and regulations for reporting on Form 10-Q. Certain information and disclosures required by accounting principles generally accepted in the United States (GAAP) for complete consolidated financial statements have been condensed or omitted pursuant to the SEC's rules and regulations, although management believes that the disclosures are adequate and make the information presented not misleading. The unaudited condensed consolidated financial statements and notes herein should be read in conjunction with the audited consolidated financial statements of MultiPlan Corporation and the notes thereto, included in the Company's 2022 Annual Report. In the opinion of management, all adjustments, which are of a normal and recurring nature (except as otherwise noted), necessary for a fair statement of the Company's financial position as of March 31, 2023 and December 31, 2022, and its results of operations and cash flows for the three months ended March 31, 2023 and 2022 have been included.

Summary of Significant Accounting Policies

Use of Estimates

The preparation of the unaudited condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting periods. Actual results could differ from the Company's estimates. Estimates are periodically reviewed in light of changes in circumstances, facts and experience. Changes in estimates are recorded in the period in which they become known. Significant estimates and assumptions reflected in these unaudited condensed consolidated financial statements include, but are not limited to, revenue recognition, recoverability of long-lived assets, goodwill, valuation of Private Placement Warrants and Unvested Founder Shares, valuation of stock-based compensation awards and income taxes.

Segment Reporting

Operating segments are defined as components of an entity for which separate financial information is available and regularly reviewed by the chief operating decision maker. The Company manages its operations as a single segment for the purposes of assessing performance and making decisions. The Company's singular focus is being a leading value-added provider of data analytics and technology-enabled end-to-end cost management, payment and revenue integrity solutions to the U.S. healthcare industry.

In addition, all of the Company's revenues and long-lived assets are attributable to operations in the United States for all periods presented.

Disaggregation of Revenue

The following table presents revenues disaggregated by services and contract types:

(in thousands)	Three Months Ended March 31,	
	2023	2022
Revenues		
Network-Based Services	\$ 57,195	\$ 68,624
PSAV	40,950	51,963
PEPM	14,898	14,938
Other	1,347	1,723
Analytics-Based Services	152,420	196,118
PSAV	147,340	190,292
PEPM	5,080	5,826
Payment and Revenue Integrity Services	26,979	33,304
PSAV	26,872	33,184
PEPM	107	120
Total Revenues	\$ 236,594	\$ 298,046
Percent of PSAV revenues	90.9 %	92.4 %
Percent of PEPM revenues	8.5 %	7.0 %
Percent of other revenues	0.6 %	0.6 %

Due to the nature of our arrangements, certain estimates may be constrained if it is probable that a significant reversal of revenue will occur when the uncertainty is resolved. For our percentage of savings contracts, portions of revenue that is recognized and collected in a reporting period may be returned or credited in subsequent periods. These credits are the result of Payors not utilizing the discounts that were initially calculated, or differences between the Company's estimates of savings achieved for a customer and the amounts self-reported in the following month by that same customer. Significant judgment is used in constraining estimates of variable consideration, and is based upon both customer-specific and aggregated factors that include historical billing and adjustment data, customer contractual terms, and performance guarantees. We update our estimates at the end of each reporting period as additional information becomes available. There have not been any material changes to estimates of variable consideration for performance obligations satisfied prior to the three months ended March 31, 2023.

The timing of payments from customers from time to time generates contract assets or contract liabilities, however these amounts are immaterial in all periods presented.

New Accounting Pronouncements Issued but Not Yet Adopted

ASU 2020-04, 2021-01 and 2022-06, Reference Rate Reform (Topic 848) and Reference Rate Reform (Topic 848): Scope. In March 2020, the FASB issued ASU No. 2020-04, Reference Rate Reform (Topic 848), which provides optional expedients and exceptions for applying GAAP to contracts, hedging relationships, and other transactions affected by reference rate reform if certain criteria are met. The amendments apply only to contracts, hedging relationships, and other transactions that reference LIBOR or another reference rate expected to be discontinued because of reference rate reform. In January 2021, the FASB issued ASU No. 2021-01, Reference Rate Reform (Topic 848): Scope, which expanded the scope of Topic 848 to include derivative instruments impacted by discounting transition. In December 2022, the FASB issued ASU 2022-06, which defers the effective date from December 31, 2022 to December 31, 2024. The expedients and exceptions provided by the amendments do not apply to contract modifications and hedging relationships entered into or evaluated after December 31, 2024, except for hedging transactions as of December 31, 2024, that an entity has elected certain optional expedients for and that are retained through the end of the hedging relationship. The Company has senior secured credit facilities for which the interest rates are indexed on the LIBOR. The guidance did not have an impact on our financial position, results of operations or disclosures, but we will continue to evaluate its impact on contracts and hedging relationships modified on or before December 31, 2024.

- (1) Beginning December 31, 2021 and quarterly thereafter, we shall repay a principal amount of the Term Loan B equal to 0.25% of the initial aggregate principal of \$1,325.0 million. These scheduled principal repayments may be reduced by any voluntary or mandatory prepayments made in accordance with the credit agreement.
- (2) Interest on Term Loan B and Revolver B is calculated, at MPH's option, as (a) LIBOR (or, with respect to the term loan facility only, 0.50%, whichever is higher), plus the applicable margin, or (b) the highest rate of (1) prime rate, (2) the federal funds effective rate, plus 0.50%, (3) the LIBOR for an interest period of one month, plus 1.00% and (4) 0.50% for Term Loan B and 1.00% for Revolver B, in each case, plus an applicable margin of 4.25% for Term Loan B and between 3.50% and 4.00% for Revolver B, depending on MPH's first lien debt to consolidated EBITDA ratio. The interest rate in effect for Term Loan B was 9.20% as of March 31, 2023.
- (3) The Senior Convertible PIK Notes are convertible into shares of Class A common stock based on a \$13.00 conversion price, subject to customary anti-dilution adjustments.

During the three months ended March 31, 2023, the Company purchased and cancelled \$137.8 million of the 5.750% Notes, resulting in the recognition of a gain on extinguishment of \$36.8 million, which is included in gain on extinguishment of debt in the accompanying unaudited condensed consolidated statements of income and comprehensive income.

MULTIPLAN CORPORATION
Notes to Unaudited Condensed Consolidated Financial Statements

As of March 31, 2023 and December 31, 2022, the Company was in compliance with all of the debt covenants. See our discussion of *Debt Covenants and Events of Default* provided in “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*”.

3. Private Placement Warrants and Unvested Founder Shares

The Company classifies the Private Placement Warrants and Unvested Founder Shares as a liability on its unaudited condensed consolidated balance sheets as these instruments are precluded from being indexed to our own stock given the terms allow for a settlement that does not meet the scope of the fixed-for-fixed exception in Accounting Standards Codification 815.

The Private Placement Warrants and Unvested Founder Shares were initially recorded at fair value on the date of consummation of the Transactions and are subsequently adjusted to fair value at each subsequent reporting date. The fair value of the Unvested Founder Shares and unvested Private Placement Warrants is obtained using a Monte Carlo model and the fair value of the remaining Private Placement Warrants is obtained using a Black Scholes model, together referenced as the “option pricing” model. The Company will continue to adjust the liability for changes in fair value for the founder shares until the earlier of the re-vesting or forfeiture of these instruments. The Company will continue to adjust the liability for changes in fair value for the Private Placement Warrants until the warrant is equity classified.

As of March 31, 2023 and December 31, 2022, the fair value of the Private Placement Warrants and the Unvested Founder Shares were:

(in thousands)	March 31, 2023	December 31, 2022
Private Placement Warrants	\$ 1,716	\$ 953
Unvested Founder Shares	\$ 2,357	\$ 1,489

For the three months ended March 31, 2023, the change in fair values was primarily due to the increase in expected stock volatility. The accompanying unaudited condensed consolidated statements of income and comprehensive income include losses (gains) related to the change in fair value of the Private Placement Warrants and Unvested Founder Shares for the three months ended March 31, 2023 and 2022 as follows:

(in thousands)	Three Months Ended March 31,	
	2023	2022
Private Placement Warrants	\$ 763	\$ (8,772)
Unvested Founder Shares	868	(3,969)
Loss (gain) on change in fair value of Private Placement Warrants and Unvested Founder Shares	\$ 1,631	\$ (12,741)

4. Fair Value Measurements

Fair value measurements are based on the premise that fair value represents an exit price representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the following three-tier fair value hierarchy has been used in determining the inputs used in measuring fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities on the reporting date.
- Level 2 — Inputs, other than quoted prices in active markets (Level 1), that are observable for the asset or liability, either directly or indirectly.
- Level 3 — Unobservable inputs in which there is little or no market data, which require the entity to develop its own assumptions

MULTIPLAN CORPORATION
Notes to Unaudited Condensed Consolidated Financial Statements

Financial instruments

Certain financial instruments which are not measured at fair value on a recurring basis include cash and cash equivalents, accounts receivable and accounts payable, which approximate fair value due to their short-term nature. The financial instrument that potentially subjects the Company to concentrations of credit risk consists primarily of accounts receivable.

Cash and cash equivalents as of March 31, 2023 and December 31, 2022 included money market funds of \$250.0 million, which were valued based on Level 1 measurements using quoted prices in active markets for identical assets.

As of March 31, 2023 and December 31, 2022, the Company's carrying amount and fair value of long-term debt consisted of the following:

(in thousands)	March 31, 2023		December 31, 2022	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Liabilities:				
Term Loan B, net of discount	\$ 1,294,439	\$ 1,107,522	\$ 1,297,309	\$ 1,113,091
5.50% Senior Secured Notes	1,050,000	845,880	1,050,000	823,200
5.750% Notes	1,025,958	748,847	1,163,793	775,086
Senior Convertible PIK Notes, net of discount	1,277,472	848,369	1,276,400	841,148
Finance lease obligations	33	33	45	45
Total Liabilities	\$ 4,647,902	\$ 3,550,651	\$ 4,787,547	\$ 3,552,570

We estimate the fair value of long-term debt, including current maturities of finance lease obligations, using quoted prices in active markets. As such, this is considered a Level 1 fair value measurement.

Recurring fair value measurements

The Private Placement Warrants and Unvested Founder Shares are measured at fair value on a recurring basis. The fair value of these instruments was determined based on significant inputs not observable in the market which would represent a level 3 measurement within the fair value hierarchy. The Company uses an option pricing simulation to estimate the fair value of these instruments.

Non-recurring fair value measurements

We also measure certain non-financial assets at fair value on a nonrecurring basis, primarily goodwill and long-lived tangible and intangible assets, in connection with periodic evaluations for potential impairment. We estimate the fair value of these assets using primarily unobservable inputs and, as such, these are considered Level 3 fair value measurements. There were no impairment charges for these assets for the three months ended March 31, 2023 and \$662.2 million impairment charges for fiscal year 2022.

Our non-marketable equity securities using the measurement alternative are adjusted to fair value on a non-recurring basis. Adjustments are made when observable transactions for identical or similar investments of the same issuer occur, or due to impairment. These securities are classified as Level 2 in the fair value hierarchy because we estimate the value based on valuation methods using the observable transaction price at the transaction date. At March 31, 2023, the carrying amount of these alternative investments, recorded under Other assets, net in the unaudited condensed consolidated balance sheets, was \$15.0 million. There were no write-ups due to observable price changes or write-downs due to impairment in the current period.

5. Commitments and Contingencies

Commitments

The Company has certain irrevocable letters of credit used to satisfy real estate lease agreements for three of our offices in lieu of security deposits in the amount of \$1.8 million outstanding as of March 31, 2023 and December 31, 2022.

Claims and Litigation

The Company is a defendant in various lawsuits and other pending and threatened litigation and other adversarial matters as well as regulatory investigations, all of which have arisen in the ordinary course of business. While the ultimate outcome with respect to such proceedings cannot be predicted with certainty, the Company does not believe they will result, individually or in the aggregate, in a material adverse effect upon our financial condition, results of operations, or cash flows.

On March 25, 2021 and April 9, 2021, we were named as a defendant in two putative class action lawsuits relating to the Transactions that have since been consolidated under the caption In Re MultiPlan Corp. Stockholders Litigation, Consolidated C.A. No. 2021-0300-LWW (Del.Ch) ("Delaware Stockholder Litigation"). The Delaware Stockholder Litigation asserts breach of fiduciary duty claims and aiding and abetting breach of fiduciary duty claims against the former directors of the Churchill board, the Sponsor, KG and M. Klein (collectively, the "Churchill Defendants") and the Company. The Delaware Stockholder Litigation complaint alleges that the Transactions were a product of an unfair process by Churchill, which was allegedly impacted by conflicts of interest, resulting in mispricing of the Transactions. The complaint seeks, among other things, damages, certain equitable relief including the reopening of redemptions, and attorneys' fees and costs. The Company and the Churchill Defendants filed motions to dismiss the complaint. On January 3, 2022, the Chancery Court issued a ruling granting in part the Company's motion to dismiss and denying the motion to dismiss filed by the Churchill Defendants.

While the Company was dismissed from the Delaware Stockholder Litigation, the consolidated lawsuit proceeded against the Churchill Defendants. We had previously agreed to indemnify certain of the Churchill Defendants with respect to the Delaware Stockholder Litigation.

On November 17, 2022, the Company and the parties to the Delaware Stockholder Litigation entered into a settlement agreement, which is subject to court approval, to fully and finally resolve the Delaware Stockholder Litigation. In connection with the settlement, the Company and its insurers have agreed to pay \$33.75 million in exchange for a broad release of all claims related to the business combination and ownership of Churchill stock and warrants from February 19, 2020 through October 8, 2020. The settlement is being paid pursuant to the Company's indemnification obligations and from available director and officer insurance policies.

On February 28, 2023, the Delaware Court of Chancery held a settlement hearing relating to the Delaware Stockholder Litigation and approved the settlement, with the court ruling becoming final 30 days thereafter. As a result, the Delaware Stockholder Litigation has been resolved, and there is no pending stockholder litigation against the Company and its directors.

We accrue for costs associated with certain contingencies, including, but not limited to, settlement of legal proceedings, regulatory compliance matters and self-insurance exposures when such costs are probable and reasonably estimable. Such accruals are included in accrued legal contingencies on the accompanying unaudited condensed consolidated balance sheets. In addition, we accrue for legal fees incurred in defense of asserted litigation and regulatory matters as such legal fees are incurred. To the extent it is probable under our existing insurance coverage that we are able to recover losses and legal fees related to contingencies, we record such recoveries concurrently with the accrual of the related loss or legal fees. Significant management judgment is required to estimate the amounts of such contingent liabilities and the related insurance recoveries. In our determination of the probability and ability to estimate contingent liabilities and related insurance recoveries we consider the following: litigation exposure based on currently available information, consultations with external legal counsel, adequacy and applicability of existing insurance coverage and other pertinent facts and circumstances regarding the contingency. Liabilities established to provide for contingencies are adjusted as further information develops, circumstances change, or contingencies are resolved; and such changes are recorded in the accompanying unaudited condensed consolidated statements of income and comprehensive income during the period of the change and appropriately reflected in accrued legal contingencies on the accompanying unaudited condensed consolidated balance sheets.

6. Shareholder's Equity

On February 27, 2023, the Board approved a repurchase program, authorizing, but not obligating, the Company's repurchase of up to an aggregate amount of \$100 million of its Class A common stock from time to time through December 31, 2023. As of March 31, 2023, the Company has spent \$5.7 million, including commissions, for the repurchase of its Class A common stock as part of this program using cash on hand.

During the three months ended March 31, 2023 and 2022, the related party transactions included the following:

- The company has purchased a software license from Abacus Insights, Inc.

9. Subsequent Events

Acquisition

On May 8, 2023, the Company acquired 100 percent of Benefits Science LLC ("Benefits Science Technologies" or "BST"), a Texas limited liability company offering next generation data and advanced analytics services.

MULTIPLAN CORPORATION
Notes to Unaudited Condensed Consolidated Financial Statements

MultiPlan acquired BST for aggregate consideration of \$160.0 million paid at the closing of the Acquisition in the form of (i) cash consideration in an aggregate amount of approximately \$140.8 million, subject to customary adjustments for working capital, cash, indebtedness and transaction expenses set forth in the Purchase Agreement; and (ii) stock consideration of 21,588,652 shares of Company Class A common stock. Upon the closing, BST became a wholly owned, indirect subsidiary of MultiPlan.

The Company funded the cash consideration with cash on hand. The stock consideration was issued out of the Company's treasury shares. We believe this acquisition will accelerate the launch of a new Data & Decision Science service line. As of March 31, 2023, the Company incurred zero acquisition-related costs.

Following the consummation of the transactions, the Company entered into separately recognized transactions with key employees and service providers of Benefits Science who will be employed or engaged by the Company, and will be eligible to participate in a long-term incentive and retention program. Pursuant to this incentive and retention program, cash payments will be made to such participant if: (i) subject to limited exceptions, such participant remains employed or engaged by the Company through the date of payment; and (ii) certain threshold, target and maximum annual recurring revenue targets relating to the business of Benefits Science are met over three to five years. The aggregate potential cash payments under this plan are \$66.0 million if the target annual recurring revenue targets are achieved, with additional aggregate potential cash payments of \$16.5 million if the maximum annual recurring revenue targets are achieved. The Company will account for the incentive payments as post-combination compensation costs.

Assuming the acquisition was consummated on December 31, 2022, the preliminary purchase price for BST would be \$156.0 million, inclusive of adjustments for working capital, cash on hand, and indebtedness. MultiPlan estimated total acquisition consideration and the preliminary allocation of fair value to the related assets and liabilities as follows (in thousands):

Total consideration	\$ 156,035

(1) Includes capitalized software of \$2.8 million.

(2) Includes client relationships of \$21.1 million with a remaining useful life of 20 years, technology of \$9.7 million with a remaining useful life of 5 years, and non-compete agreements of \$0.9 million with a remaining useful life of 5 years. The weighted average remaining useful life of the acquired intangibles subject to amortization is 10 years.

ASC 805 requires that an acquirer in a business combination report provisional amounts when measurements are incomplete as of the end of the reporting period covering the business combination. In accordance with ASC 805, the acquirer has a period of time, referred to as the measurement period, to finalize the accounting for a business combination. The measurement period provides companies with a reasonable period of time to determine the value of the identifiable assets

acquired, liabilities assumed, and the consideration transferred for the acquiree. In accordance with ASC 805, the measurement period ends as soon as the acquirer receives all necessary information about the facts and circumstances that existed as of the acquisition date for the provisional amounts or has otherwise learned that more information is not obtainable. However, the measurement period cannot exceed one year from the acquisition date. ASC 805 requires that measurement period adjustments be recognized in the reporting period in which the adjustment amount is determined.

Unaudited Pro Forma Financial Information

The following represents pro forma effects of the Benefits Science acquisition as if it had occurred on January 1, 2022. The pro forma net loss includes: (1) an increase in amortization of intangible assets of \$3.0 million related to added amortization expense associated with intangible assets acquired in the acquisition; and (2) the addition of \$11.3 million of transaction costs incurred, together with the income tax effects on (1) through (2). These pro forma results are not necessarily indicative of the results that would have occurred if the acquisition occurred on the first day of the period presented, nor does the pro forma financial information purport to present the results of operations for future periods. The following information for the year ended December 31, 2022 is presented in thousands:

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of the Company's financial condition and results should be read in conjunction with the unaudited condensed consolidated financial statements and accompanying notes thereto contained elsewhere in this Quarterly Report and together with the information included in the Company's 2022 Annual Report. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties; the results described below are not necessarily indicative of the results to be expected in any future periods.

Cautionary Note Regarding Forward-looking Statements

All statements other than statements of historical fact included in this Quarterly Report including, without limitation, statements under this “*Management's Discussion and Analysis of Financial Condition and Results of Operations*” regarding the Company's financial position, business strategy and the plans and objectives of management for future operations, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 or Section 21E of the Securities Exchange Act of 1934, each as amended, including, in particular, statements about our plans, strategies and prospects as well as estimates of industry growth for the next quarter and beyond. When used in this Quarterly Report, words such as “believes,” “estimates,” “anticipates,” “expects,” “seeks,” “projects,” “intends,” “plans,” “may,” “will” or “should” or, in each case, their negative or other variations or comparable terminology represent forward-looking statements that include matters that are not historical facts. They may appear in a number of places throughout this Quarterly Report and these forward-looking statements reflect management's expectations regarding our future growth, results of operations, operational and financial performance and business prospects and opportunities. Such forward-looking statements are based on available current market material and management's expectations, beliefs and forecasts concerning future events impacting our business. Factors that may impact such forward-looking statements include:

- loss of our customers, particularly our largest customers;
- trends in the U.S. healthcare system, including recent trends of unknown duration of reduced healthcare utilization and increased patient financial responsibility for services;
- inability to preserve or increase our existing market share or the size of our PPO networks;
- effects of competition;
- effects of pricing pressure;
- the inability of our customers to pay for our services;
- decreases in discounts from providers;
- the loss of our existing relationships with providers;
- the loss of key members of our management team or inability to maintain sufficient qualified personnel;
- pressure to limit access to preferred provider networks;
- the ability to achieve the goals of our strategic plans and recognize the anticipated strategic, operational, growth and efficiency benefits when expected;
- our ability to enter new lines of business and broaden the scope of our services;
- our ability to identify, complete and successfully integrate acquisitions;
- our ability to obtain additional financing;
- changes in our industry and in industry standards and technology;
- interruptions or security breaches of our information technology systems and other cyber security attacks;
- our ability to protect proprietary information, processes and applications;
- our ability to maintain the licenses or right of use for the software we use;
- our inability to expand our network infrastructure;

- changes in our accounting principles or the incurrence of impairment charges;
- our ability to remediate any material weaknesses or maintain effective internal controls over financial reporting;
- our ability to continue to attract, motivate and retain a large number of skilled employees, and adapt to the effects of inflationary pressure on wages;
- changes in our regulatory environment, including healthcare law and regulations;
- the expansion of privacy and security laws;
- heightened enforcement activity by government agencies;
- our ability to pay interest and principal on our notes and other indebtedness;
- lowering or withdrawal of our credit ratings;
- the possibility that we may be adversely affected by other political, economic, business, and/or competitive factors;
- adverse outcomes related to litigation or governmental proceedings;
- other factors disclosed in this Quarterly Report; and
- other factors beyond our control.

The forward-looking statements are based on our current expectations and beliefs concerning future developments and their potential effects on our business. There can be no assurance that future developments affecting our business will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors referred to under the heading “*Risk Factors*” in Part II, Item 1A of this Quarterly Report or as described in our 2022 Annual Report. Should one or more of these risks or uncertainties materialize, or should any of the assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We do not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

Company Overview

MultiPlan is a leading provider of data analytics and technology-enabled solutions designed to bring affordability, efficiency and fairness to the U.S. healthcare industry. We do so through services focused on reducing medical cost and improving payment accuracy for the Payors of healthcare, which are primarily health insurers, self-insured employers, federal and state government-sponsored health plans and other health plan sponsors (typically through their health plan administrators), and, indirectly, the plan members who are the consumers of healthcare services.

MultiPlan was founded in 1980 as a New York-based hospital network and has evolved both organically and through acquisition into an integrated data and analytics platform offering a suite of services, which efficiently address the cost of medical services. MultiPlan offers services to our customers in three categories:

- ***Analytics-Based Services:*** a suite of data-driven algorithms and insights that detect claims over-charges and either negotiate or recommend fair reimbursement for out-of-network medical costs using a variety of data sources and pricing algorithms. These services are applied prior to the payment of the claim and are often processed within a day of receipt;
- ***Network-Based Services:*** contracted discounts with healthcare providers to form one of the largest independent preferred provider organizations ("PPO") in the United States with over 1.3 million providers under contract, as well as outsourced network development and/or management services. These services are applied prior to the payment of the claim and are typically processed within a day of receipt; and
- ***Payment and Revenue Integrity Services:*** data, technology, and clinical expertise deployed to identify and remove improper and unnecessary charges before or after claims are paid, or to identify and help restore and preserve underpaid premium dollars.

MultiPlan sits at the nexus of four constituencies (Payors, employers/plan sponsors, plan members and providers) and offers an independent reimbursement solution to reduce healthcare costs in a manner that is systematic, efficient and fair to all parties involved. Although the end beneficiary of our services are employers and other plan sponsors and their health plan members, our direct customers are typically health plan administrators ("Payors") who go out to market with our services. Over the last 40+ years, we have developed a platform that offers these Payors a single interface to a comprehensive set of services, which are used in combination or individually to reduce the medical cost burden on their health plan customers and members while fostering independently developed fair and efficient reimbursements to healthcare providers. These comprehensive offerings have enabled us to maintain long-term relationships with a number of our customers, including relationships of over 25 years with some of the nation's largest Payors. For the three months ended March 31, 2023 and year ended December 31, 2022 our comprehensive services identified approximately \$5.6 billion and \$22.3 billion in potential medical cost savings, respectively.

We believe our solutions provide a strong value proposition to Payors, their health plan customers and healthcare consumers, as well as to providers. Overall, our service offerings aim to reduce healthcare costs in a manner that is orderly, efficient and fair to all parties. In addition, because in most instances the fee for our services is directly linked to the savings we identify, our revenue model is aligned with the interests of our customers.

Factors Affecting Our Results of Operations

Medical Cost Savings

Our business and revenues are driven by the ability to lower medical costs through claims savings for our customers. The medical charges of those claims can influence our ability to generate claim savings.

The following table presents the medical charges processed and the potential savings identified for the periods presented:

(in billions)	Three Months Ended March 31,		Change
	2023	2022	%
Commercial Health Plans			
Medical charges processed	\$ 18.4	\$ 19.5	(5.8)%
Potential medical cost savings	\$ 5.3	\$ 5.5	(4.8)%
Potential savings as a % of charges	28.6 %	28.3 %	
Payment & Revenue Integrity, Property & Casualty, and Other			
Medical charges processed	\$ 21.3	\$ 18.6	14.7%
Potential medical cost savings	\$ 0.3	\$ 0.2	21.6%
Potential savings as a % of charges	1.4 %	1.3 %	
Total			
Medical charges processed	\$ 39.7	\$ 38.1	4.2%
Potential medical cost savings	\$ 5.6	\$ 5.8	(3.7)%
Potential savings as a % of charges	14.0 %	15.2 %	

Medical charges processed represent the aggregate dollar amount of claims processed by our cost management and payment accuracy solutions in the period presented. The dollar amount of the claim for purposes of this calculation is the dollar amount of the claim prior to any reductions that may be made as a result of the claim being processed by our solutions.

Potential medical cost savings represent the aggregate amount of potential savings in dollars identified by our cost management and payment accuracy solutions in the period presented. Since certain of our fees are based on the amount of savings achieved by our customers, and our customers are the final adjudicator of the claims and may choose not to reduce claims or reduce claims by only a portion of the potential savings identified, potential medical cost savings may not directly correlate with the amount of fees earned in connection with the processing of such claims.

Components of Results of Operations

Revenues

We generate revenues from several sources including: (i) Network-Based Services that process claims at a discount compared to billed fee-for-service rates and by using an extensive network, (ii) Analytics-Based Services that use our leading and proprietary information technology platform to offer customers solutions to reduce medical costs, and (iii) Payment and

Revenue Integrity Services that use data, technology, and clinical expertise to identify improper, unnecessary and excessive charges. Payors typically compensate us through either a PSAV achieved or a PEP rate.

Costs of Services (exclusive of depreciation and amortization of intangible assets)

Costs of services (exclusive of depreciation and amortization of intangible assets) consist of all costs specifically associated with claims processing activities for customers, sales and marketing, and the development and maintenance of our networks, analytics-based services, and payment and revenue integrity services. Two of the largest components in costs of services are personnel expenses and access and bill review fees. Access and bill review fees include fees for accessing non-owned third-party provider networks, expenses associated with vendor fees for database access and systems technology used to reprice claims, and outsourced services. Third-party network expenses are fees paid to non-owned provider networks used to supplement our owned network assets to provide more network claim savings to our customers.

General and Administrative Expenses

General and administrative expenses include corporate management and governance functions composed of general management, legal, treasury, tax, real estate, financial reporting, auditing, benefits and human resource administration, communications, public relations, billing and information management. In addition, general and administrative expenses include taxes, insurance, advertising, transaction costs, and other general expenses.

Depreciation Expense

Depreciation expense consists of depreciation and amortization of property and equipment related to our investments in leasehold improvements, furniture and equipment, computer hardware and software, and internally generated capitalized software development costs. We provide for depreciation and amortization on property and equipment using the straight-line method to allocate the cost of depreciable assets over their estimated useful lives.

Amortization of intangible assets

Amortization of intangible assets includes amortization of the value of our customer relationships, provider network, technology, and trademarks which were identified in valuing the intangible assets in connection with the June 6, 2016 acquisition by H&F and its affiliates, as well as the acquisitions of HST and DHP by the Company.

Interest expense

Interest expense consists of accrued interest and related interest payments on our outstanding long-term debt and amortization of debt issuance costs and discounts.

Interest income

Interest income consists primarily of bank interest.

Gain on extinguishment of debt

The Company recognizes a gain on extinguishment of debt for the difference between the reacquisition price of the debt and the net carrying amount of the extinguished debt.

Change in fair value of Private Placement Warrants and Unvested Founder Shares

The Company re-measures at each reporting period the fair value of the Private Placement Warrants and Unvested Founder Shares. The changes in fair value are primarily due to the changes in the stock price of the Company's Class A common stock, changes in expected stock volatility and the passage of time.

Income tax (benefit) expense

Income tax (benefit) expense consists of federal, state, and local income taxes.

Non-GAAP Financial Measures

We use EBITDA, Adjusted EBITDA and Adjusted EPS to evaluate our financial performance. EBITDA, Adjusted EBITDA and adjusted EPS are financial measures that are not presented in accordance with GAAP. We believe the presentation of these non-GAAP financial measures provides useful information to investors in assessing our financial condition and results

of operations across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our financial operating results of our core business.

These measurements of financial performance have important limitations as analytical tools and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP. Additionally, they may not be comparable to other similarly titled measures of other companies. Some of these limitations are:

- such measures do not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;
- such measures do not reflect changes in, or cash requirements for, our working capital needs;
- such measures do not reflect the significant interest expense, or cash requirements necessary to service interest or principal payments on our debt;
- such measures do not reflect any cash requirements for any future replacement of depreciated assets;
- such measures do not reflect the impact of stock-based compensation upon our results of operations;
- such measures do not reflect our income tax (benefit) expense or the cash requirements to pay our income taxes;
- such measures do not reflect the impact of certain cash charges resulting from matters we consider not to be indicative of our ongoing operations; and
- other companies in our industry may calculate these measures differently from how we do, limiting their usefulness as a comparative measure.

In evaluating EBITDA, Adjusted EBITDA and Adjusted EPS, you should be aware that in the future we may incur expenses similar to those eliminated in the presentation.

EBITDA, Adjusted EBITDA, and Adjusted EPS are widely used measures of corporate profitability eliminating the effects of financing and capital expenditures from the operating results. We define EBITDA as net income adjusted for interest expense, interest income, income tax expense (benefit), depreciation, amortization of intangible assets, and non-income taxes. We define Adjusted EBITDA as EBITDA further adjusted to eliminate the impact of certain items that we do not consider to be indicative of our core business, including other expenses, net, loss (gain) on change in fair value of Private Placement Warrants and Unvested Founder Shares, transaction related expenses, (gain) loss on debt extinguishment, (gain) loss on investments, and stock-based compensation. See our unaudited condensed consolidated financial statements included in this Quarterly Report for more information regarding these adjustments. Adjusted EBITDA is used in our agreements governing our outstanding indebtedness for debt covenant compliance purposes. Our Adjusted EBITDA calculation is consistent with the definition of Adjusted EBITDA used in our debt instruments.

Adjusted EPS is used in reporting to our Board and executive management and as a component of the measurement of our performance. We believe that this measure provides useful information to investors because it is the profitability measure we use to evaluate earnings performance on a comparable year-to-year basis. Adjusted EPS is defined as net income adjusted for amortization of intangible assets, stock-based compensation, transaction related expenses, (gain) loss on debt extinguishment, (gain) loss on investments, other expense, loss (gain) on change in fair value of Private Placement Warrants and Unvested Founder Shares and tax effect of adjustments to arrive at Adjusted net income divided by our basic weighted average number of shares outstanding.

(1) "Other income, net" represent miscellaneous non-recurring income, miscellaneous non-recurring expense, gain or loss on disposal of assets, impairment of other assets, gain or loss on disposal of leases, tax penalties, and non-integration related severance costs.

Material differences between MultiPlan Corporation and MPH for the three months ended March 31, 2023 include differences in interest expense, change in fair value of Private Placement Warrants and Unvested Founder Shares, and stock-based compensation. For the three months ended March 31, 2023, interest expense for MultiPlan Corporation was \$20.6 million higher than interest expense for MPH due to interest expense incurred by MultiPlan Corporation on the Senior Convertible PIK Notes. The loss (gain) on change in fair value of Private Placement Warrants and Unvested Founder Shares and stock-based compensation are recorded in the parent company MultiPlan Corporation and not in the MPH operating company and therefore the entire amount represents differences between MultiPlan Corporation and MPH. In the three months ended March 31, 2023 and March 31, 2022, MPH had higher EBITDA expenses than MultiPlan Corporation by \$1.0 million primarily due to insurance premiums paid to our captive insurance company, net of related captive insurance company costs, which are eliminated in the consolidated financial reporting of MultiPlan Corporation.

Factors Affecting the Comparability of our Results of Operations

As a result of a number of factors, our historical results of operations may not be comparable to our results of operations in future periods and may not be directly comparable from period to period. Set forth below is a brief discussion of the key factors impacting the comparability of our results of operations.

Debt Repurchase and Cancellation

During the three months ended March 31, 2023, the Company repurchased and cancelled \$137.8 million of the 5.750% Notes, resulting in the recognition of a gain on debt extinguishment of \$36.8 million, representing the difference between the reacquisition price of the debt and the net carrying amount of the extinguished debt.

In the year ended December 31, 2022, the Company repurchased in the open market and cancelled \$136.2 million of the 5.750% Notes, resulting in the recognition of a gain on extinguishment of debt of \$34.6 million.

Floating Rate Debt

Term Loan B has a variable interest rate and as LIBOR interest rates have increased, our annualized weighted average cash interest rate increased by 1.24% during the three months ended March 31, 2023, as compared to the three months ended March 31, 2022. As of March 31, 2023, our total debt had an annualized weighted average cash interest rate of 6.76%, as compared to 5.52% as of March 31, 2022.

Revenues

Revenues decreased by \$61.5 million, or 20.6%, for the three months ended March 31, 2023, as compared to the three months ended March 31, 2022. This decrease in revenues was due to decreases in Network-Based Services revenues of \$11.4 million, Analytics-Based Services revenues of \$43.7 million, and Payment and Revenue Integrity Services revenues of \$6.3 million during this time period, as explained below.

Network-Based Services revenues decreased \$11.4 million, or 16.7%, in the three months ended March 31, 2023, as compared to the three months ended March 31, 2022. This decrease in revenues was primarily related to lower medical cost savings on Network-Based Services claims received from customers and contractual rate changes contributing to decreases in Network-Based Services PSAV revenues of \$11.0 million and decreases in PEPM and other network revenues of \$0.4 million.

Analytics-Based Services revenues decreased \$43.7 million, or 22.3%, for the three months ended March 31, 2023, as compared to the three months ended March 31, 2022. This decrease in revenues was primarily due to lower medical cost savings accepted by clients on Analytics-Based Services claims and contractual rate changes contributing to decreases in Analytics-Based Services PSAV revenues of \$43.0 million and decreases in Analytics-Based Services PEPM revenues of \$0.7 million.

Payment and Revenue Integrity Services revenues decreased by \$6.3 million, or 19.0%, for the three months ended March 31, 2023, as compared to the three months ended March 31, 2022. This decrease was primarily in our Clinical Negotiations pre-payment integrity line of business, contributing to decreases in PSAV revenues of \$6.3 million.

Costs of Services (exclusive of depreciation and amortization of intangible assets)

(in thousands)	Three Months Ended March 31,		Change	
	2023	2022	\$	%
Personnel expenses excluding stock-based compensation	\$ 46,276	\$ 39,157	\$ 7,119	18.2 %
Stock-based compensation	884	600	284	47.3 %
Personnel expenses including stock-based compensation	47,160	39,757	7,403	18.6 %
Access and bill review fees	4,495	3,758	737	19.6 %
Other cost of services expenses	3,195	3,557	(362)	(10.2)%
Total costs of services	\$ 54,850	\$ 47,072	\$ 7,778	16.5 %

The increase in costs of services of \$7.8 million, or 16.5%, for the three months ended March 31, 2023, as compared to the three months ended March 31, 2022 was primarily due to increases in personnel expenses from increases in employee headcount and year-over-year increases in compensation and related fringe benefits.

General and Administrative Expenses

(in thousands)	Three Months Ended March 31,		Change	
	2023	2022	\$	%
General and administrative expenses excluding stock-based compensation and transaction-related expenses	\$ 27,638	\$ 27,503	\$ 135	0.5 %
Stock-based compensation	2,811	2,530	281	11.1 %
Transaction-related expenses	1,018	2,555	(1,537)	(60.2)%
General and administrative expenses	\$ 31,467	\$ 32,588	\$ (1,121)	(3.4)%

The decrease of \$1.1 million, or 3.4%, in general and administrative expenses for the three months ended March 31, 2023, as compared to the three months ended March 31, 2022 was primarily due to decreases in transaction costs of \$1.5 million, increases in capitalized software development offset of \$3.7 million and other net decreases in general and administrative expenses of \$1.1 million, offset by increases in professional fees of \$1.6 million, primarily outside legal fees, and net increases in personnel expenses including stock-based compensation and contract labor, of \$3.6 million.

Depreciation Expense

The increase of \$1.6 million, or 9.7%, in depreciation expense for the three months ended March 31, 2023 as compared to the three months ended March 31, 2022 was due to purchases of property and equipment, including internally generated capitalized software, partially offset by assets that were written-off or became fully depreciated in the period.

Amortization of Intangible Assets

Amortization of intangible assets was relatively flat for the three months ended March 31, 2023 as compared to the three months ended March 31, 2022.

Interest Expense

The increase in interest expense of \$12.0 million, or 16.8%, for the three months ended March 31, 2023, as compared to the three months ended March 31, 2022, was primarily due to the increase in LIBOR on our Term Loan B, offset by reductions in interest expense due to the repurchase and cancellation of our 5.750% Notes. Our annualized weighted average cash interest rate increased by 1.24% across our total debt in the three months ended March 31, 2023 as compared to the same period in prior year.

As of March 31, 2023, our long-term debt was \$4,604.4 million and included (i) \$1,291.9 million Term Loan B, excluding the current portion of Term Loan B of \$13.3 million, (ii) \$1,050.0 million of 5.50% Senior Secured Notes, (iii) \$1,026.0 million

of 5.750% Senior Notes, (iv) \$1,300.0 million of Senior Convertible PIK Notes, and net of (v) discount on Term Loan B of \$10.7 million, (vi) discount on Senior Convertible PIK Notes of \$22.5 million, and (vii) debt issue costs of \$30.3 million. As of March 31, 2023, our total debt had an annualized weighted average cash interest rate of 6.76%. As of March 31, 2022, our total debt had an annualized weighted average cash interest rate of 5.52%.

As of December 31, 2022, our long-term debt was \$4,741.9 million and included (i) \$1,295.2 million Term Loan B, excluding the current portion of Term Loan B of \$13.3 million, (ii) \$1,050.0 million of 5.50% Senior Secured Notes, (iii) \$1,163.8 million of 5.750% Senior Notes, (iv) \$1,300.0 million of Senior Convertible PIK Notes, and net of (v) discount on Term Loan B of \$11.1 million, (vi) discount on Senior Convertible PIK Notes of \$23.6 million, and (vii) debt issue costs of \$32.4 million. As of December 31, 2022, our total debt had a weighted average cash interest rate of 6.67%.

Gain on extinguishment of debt

During the three months ended March 31, 2023, the Company repurchased and cancelled \$137.8 million of the 5.750% Notes, resulting in the recognition of a gain on debt extinguishment of \$36.8 million, representing the difference between the reacquisition price of the debt and the net carrying amount of the extinguished debt.

Change in fair value of Private Placement Warrants and Unvested Founder Shares

The Company re-measures the fair value of the Private Placement Warrants and Unvested Founder Shares at each reporting period. From December 31, 2022 to March 31, 2023, the fair value of the Private Placement Warrants increased by \$0.7 million and the fair value of the Unvested Founder Shares increased by \$0.9 million. The increase was primarily due to the increase in the expected stock volatility over the period.

Provision for income taxes

Net income before income taxes for the three months ended March 31, 2023 of \$1.9 million generated a provision for income taxes of \$1.7 million. Net income before income taxes for the three months ended March 31, 2022 of \$58.2 million generated a provision for income taxes of \$14.3 million. The effective tax rate for the three months ended March 31, 2023 differed from the statutory rate primarily due to stock compensation expense, non-deductible mark-to-market liability, and state tax expense. The effective tax rate for the three months ended March 31, 2022 differed from the statutory rate primarily due to a non-deductible mark-to-market liability, impact of our acquisitions and changes in the Company's deferred state tax rate due to operations, and state tax expense.

Liquidity and Capital Resources

As of March 31, 2023, we had cash and cash equivalents of \$272.2 million, which includes restricted cash of \$6.5 million, and \$448.2 million of loan availability under the revolving credit facility. As of March 31, 2023, we have three letters of credit totaling \$1.8 million of utilization against the revolving credit facility. The three letters of credit are used to satisfy real estate lease agreements for three of our offices in lieu of security deposits.

On February 27, 2023, the Company's Board of Directors approved a share repurchase program authorizing the Company to repurchase up to \$100 million of its Class A common stock from time to time in open market transactions. The repurchase program was effective immediately and expires on December 31, 2023. As of March 31, 2023, the Company has repurchased its Class A common stock as part of this program using cash on hand for an aggregate amount of \$5.7 million, including commissions.

Our primary sources of liquidity are internally generated funds combined with our borrowing capacity under our revolving credit facility. We believe that these sources will provide sufficient liquidity for us to meet our working capital, capital expenditure and other cash requirements for at least the next twelve months. We may from time to time at our sole discretion, purchase, redeem, repay or retire our long-term debt, through tender offers, in privately negotiated or open market transactions or otherwise. We plan to finance our capital expenditures with cash from operations. Furthermore, our future liquidity and future ability to fund capital expenditures, working capital and debt requirements are also dependent upon our future financial performance, which is subject to many economic, commercial, financial and other factors that are beyond our control, including the ability of financial institutions to meet their lending obligations to us. If those factors significantly change, our business may not be able to generate sufficient cash flow from operations or future borrowings may not be available to meet our liquidity needs. We anticipate that to the extent we require additional liquidity as a result of these factors or in order to execute our strategy, it would be financed either by borrowings under our senior secured credit facilities, by other indebtedness, additional equity financings or a combination of the foregoing. We may be unable to obtain any such additional financing on reasonable terms or at all.

Cash Flow Summary

The following table is derived from our unaudited condensed consolidated statements of cash flows:

(in thousands)	Three Months Ended March 31,	
	2023	2022
Net cash flows provided by (used in):		
Operating activities	\$ 64,215	\$ 194,844
Investing activities	\$ (23,101)	\$ (24,165)
Financing activities	\$ (109,437)	\$ (5,270)

Cash Flows from Operating Activities

Cash flows from operating activities provided \$64.2 million for the three months ended March 31, 2023 and \$194.8 million for the three months ended March 31, 2022. This decrease of \$130.6 million, or 67.0%, in cash flows from operating activities was primarily the result of changes in net working capital of \$105.5 million, and decreases in net income of \$43.8 million, offset by increases in adjustments for non-cash items of \$18.7 million.

The \$18.7 million increase in non-cash items was primarily due to increases in deferred income taxes of \$38.8 million, increases in the loss (gain) on change in fair value of Private Placement Warrants and Unvested Founder Shares of \$14.4 million, increases in depreciation of \$1.6 million, offset by the gain on extinguishment of debt of \$36.8 million.

During the three months ended March 31, 2023, \$15.5 million was used by changes in net working capital including decreases in accounts payable and accrued expenses and other expenses of \$20.9 million and decreases in operating lease obligations of \$1.7 million and increases in prepaid taxes of \$4.6 million, offset by decreases in net accounts receivable of \$11.9 million. The decrease in accounts payable and accrued expenses and other expenses was primarily due to decreases of \$22.3 million of accrued legal contingencies, \$17.1 million in accrued compensation expense primarily related to the Company's incentive compensation program and \$0.4 million of other account payable and accrued expenses, offset by increases of \$18.9 million of accrued interest.

During the three months ended March 31, 2022, \$90.1 million was provided by changes in net working capital including increases in accounts payable and accrued and other expenses of \$61.3 million, decreases in prepaid expenses and other assets of \$3.6 million, decreases in prepaid taxes of \$5.1 million, and decreases in net accounts receivable of \$21.7 million primarily due to the timing of collections, offset by decreases in operating lease obligations of \$1.6 million. The increase in accounts payable and accrued expenses and other expenses of \$61.3 million was primarily accrued taxes of \$42.0 million and accrued interest of \$22.5 million, offset by \$3.1 million of other accounts payable and accrued expenses.

Cash Flows from Investing Activities

For the three months ended March 31, 2023, net cash of \$23.1 million was used in investing activities for purchases of property and equipment and capitalization of software development. For the three months ended March 31, 2022, net cash of \$24.2 million was used in investing activities including \$24.5 million for purchases of property and equipment and capitalization of software development, partially offset by proceeds from the sale of an investment of \$0.3 million.

Cash Flows from Financing Activities

Cash flows used in financing activities for the three months ended March 31, 2023 were \$109.4 million primarily consisting of the repurchase of 5.750% Notes for \$100.0 million, purchase of treasury stock for \$5.7 million, including commissions, repayments of Term Loan B of \$3.3 million and \$0.5 million of taxes paid on net settlement of vested share awards.

Cash flows used in financing activities for the three months ended March 31, 2022 were \$5.3 million consisting of repayments of Term Loan B of \$3.3 million and \$2.0 million of taxes paid on net settlement of vested share awards.

Term Loans and Revolvers

On August 24, 2021, MPH issued new senior secured credit facilities composed of \$1,325.0 million of Term Loan B, \$450.0 million of Revolver B, and \$1,050.0 million in aggregate principal amount of 5.50% Senior Secured Notes. MPH used

the net proceeds from Term Loan B, issued with a discount of 1.00%, and the 5.50% Senior Secured Notes to repay all of the outstanding balance of its Term Loan G of \$2,341.0 million, and pay fees and expenses in connection therewith.

Interest on Term Loan B and Revolver B is calculated, at MPH's option, as (a) LIBOR (or, with respect to Term Loan B only, 0.50%, if higher), plus the applicable margin, or (b) the highest rate of (1) the prime rate, (2) the federal funds effective rate, plus 0.50%, (3) the LIBOR for an interest period of one month plus 1.00% and (4) 0.50% for Term Loan B and 1.00% for Revolver B, in each case, plus an applicable margin of 4.25% for Term Loan B and between 3.50% and 4.00% for Revolver B, depending on MPH's first lien debt to consolidated EBITDA ratio. The interest rate in effect for Term Loan B was 9.20% and 4.76% as of March 31, 2023 and 2022, respectively.

Term Loan B matures on September 1, 2028 and Revolver B matures on August 24, 2026.

For all our debt agreements with an interest rate dependent on LIBOR, we are currently assessing and monitoring how transitioning from LIBOR to an alternative reference rate may affect us past 2023.

We are obligated to pay a commitment fee on the average daily unused amount of our revolving credit facility. The annual commitment fee rate was 0.375% at March 31, 2023 and 0.25% at December 31, 2022. The fee can range from an annual rate of 0.25% to 0.50% based on our leverage ratio, as defined in the agreement.

Senior Notes

On October 8, 2020, the Company issued \$1,300.0 million in aggregate principal amount of Senior Convertible PIK Notes. The Senior Convertible PIK Notes were issued with a 2.5% discount with a maturity date of October 15, 2027.

The Senior Convertible PIK Notes are convertible into shares of Class A common stock based on a \$13.00 conversion price, subject to customary anti-dilution adjustments. The interest rate on the Senior Convertible PIK Notes is fixed at 6% in cash and 7% in kind, and is payable semi-annually on April 15 and October 15 of each year.

On October 29, 2020, the Company issued \$1,300.0 million in aggregate principal amount of the 5.750% Notes. The 5.750% Notes are guaranteed on a senior unsecured basis jointly and severally by the Company and its subsidiaries and have a maturation date of November 1, 2028. The 5.750% Notes were issued at par. The interest rate on the 5.750% Notes is fixed at 5.750%, and is payable semi-annually on May 1 and November 1 of each year.

On August 24, 2021 MPH issued \$1,050.0 million in aggregate principal amount of 5.50% Senior Secured Notes with a maturation date of September 1, 2028. The interest rate on the 5.50% Senior Secured Notes is fixed at 5.50%, and is payable semi-annually on March 1 and September 1 of each year. The 5.50% Senior Secured Notes are guaranteed and secured as described below under "Guarantees and Security".

During 2022, the Company repurchased and cancelled \$136.2 million of the 5.750% Notes, resulting in the recognition of a gain on debt extinguishment of \$34.6 million for the year ended December 31, 2022.

During the three months ended March 31, 2023, the Company repurchased and cancelled \$137.8 million of the 5.750% Notes, resulting in the recognition of a gain on debt extinguishment of \$36.8 million.

Debt Covenants and Events of Default

We are subject to certain affirmative and negative debt covenants under the debt agreements governing our indebtedness that limit our and/or certain of our subsidiaries' ability to engage in specific types of transactions. These covenants limit our and/or certain of our subsidiaries' ability to, among other things:

- incur additional indebtedness or issue disqualified or preferred stock;
- pay certain dividends or make certain distributions on capital stock or repurchase or redeem capital stock;
- make certain loans, investments or other restricted payments;
- transfer or sell certain assets;
- incur certain liens;
- place restrictions on the ability of its subsidiaries to pay dividends or make other payments to us;

- guarantee indebtedness or incur other contingent obligations;
- prepay junior debt and make certain investments;
- consummate any merger, consolidation or amalgamation, or liquidate, wind up or dissolve itself (or suffer any liquidation or dissolution), or dispose of all or substantially all of its business units, assets or other properties; and
- engage in transactions with our affiliates.

Certain covenants related to the 5.50% Senior Secured Notes will cease to apply to the 5.50% Senior Secured Notes for so long as such notes have investment grade ratings from both Moody's Investors Service, Inc. and S&P Global Ratings.

The Revolver Ratio is such that, if, as of the last day of any fiscal quarter of MPH, the aggregate amount of loans under the revolving credit facility, letters of credit issued under the revolving credit facility (to the extent not cash collateralized or backstopped or, in the aggregate, in excess of \$10.0 million) and swingline loans are outstanding and/or issued in an aggregate amount greater than 35% of the total commitments in respect of the revolving credit facility at such time, the revolving credit facility will require MPH to maintain a maximum first lien secured leverage ratio of 6.75 to 1.00. Our consolidated first lien debt to consolidated EBITDA ratio is 3.01 times, 2.32 times, and 2.64 times as of March 31, 2023, March 31, 2022, and December 31, 2022, respectively.

As of March 31, 2023 and December 31, 2022 we were in compliance with all of the debt covenants.

The debt agreements governing the senior secured credit facilities, the 5.750% Notes and the 5.50% Senior Secured Notes contain customary events of default, subject to grace periods and exceptions, which include, among others, payment defaults, cross-defaults to certain material indebtedness, certain events of bankruptcy, material judgments, in the case of the debt agreements governing the senior secured credit facilities and the 5.50% Senior Secured Notes, failure of a guarantee on the liens on material collateral to remain in effect, in the case of the debt agreements governing the senior secured credit facilities, any change of control. Upon the occurrence of an event of default under such debt agreements, the lenders and holders of such debt will be permitted to accelerate the loans and terminate the commitments, as applicable, thereunder and exercise other specified remedies available to the lenders and holders thereunder.

See the footnotes to the EBITDA and Adjusted EBITDA reconciliation table provided above under "*Non-GAAP Financial Measures*" for material differences between the financial information of MultiPlan and MPH.

Guarantees and Security

All obligations under the debt agreements governing the senior secured credit facilities and the 5.50% Senior Secured Notes are unconditionally guaranteed by MPH Acquisition Corp. 1, the direct holding company parent of MPH, and each existing and subsequently acquired or organized direct or indirect wholly owned U.S. organized restricted subsidiary of MPH (subject to certain exceptions). All such obligations, and the guarantees of such obligations, are secured, subject to permitted liens and other exceptions, by a first priority lien shared between the senior secured credit facilities and the 5.50% Senior Secured Notes on substantially all of MPH's and the subsidiary guarantors' tangible and intangible property, and a pledge of all of the capital stock of each of their respective subsidiaries.

Critical Accounting Policies

In preparing our Unaudited Condensed Consolidated Financial Statements, we are required to make judgments, assumptions and estimates, which we believe are reasonable and prudent based on the available facts and circumstances. These judgments, assumptions and estimates affect certain of our revenues and expenses and their related balance sheet accounts and disclosure of our contingent liabilities. We base our assumptions and estimates primarily on historical experience and consider known and projected trends. On an ongoing basis, we re-evaluate our selection of assumptions and the method of calculating our estimates. Actual results, however, may materially differ from our calculated estimates, and this difference would be reported in our current operations.

For a detailed description of our critical accounting estimates, see "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" in Part II, Item 7 in our 2022 Annual Report. For a detailed discussion of our significant accounting policies, see Note 2 of Notes to the Consolidated Financial Statements in Part II, Item 8, "*Financial Statements and Supplementary Data*" in our 2022 Annual Report. As of March 31, 2023, our critical accounting policies and estimates have not changed from those described in our 2022 Annual Report.

Customer Concentration

Three customers individually accounted for 32%, 20% and 10% of revenues for the year ended December 31, 2022. The loss of the business of one or more of our larger customers could have a material adverse effect on our results of operations. For further discussion on our customer concentration, please refer to Item 1A. “*Risk Factors*” in our 2022 Annual Report.

Recent Accounting Pronouncements

See Note 1 General Information and Basis of Accounting of the Notes to the unaudited condensed consolidated financial statements included in this Quarterly Report for additional information.

Quantitative and Qualitative Disclosure About Market Risk

See Item 3. Quantitative and Qualitative Disclosure about Market Risk below.

Internal Controls Over Financial Reporting

For further information on the Company’s internal controls over financial reporting see Item 4. Controls and Procedures.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Reference is made to our 2022 Annual Report and in particular Item 7A. “*Quantitative and Qualitative Disclosure about Market Risk*” therein. As of March 31, 2023, there were no material changes in the market risks described in our 2022 Annual Report.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including the Company’s principal executive officer and principal financial and accounting officer, the Company conducted an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act.

Based on this evaluation, our principal executive officer and principal financial and accounting officers have concluded that, as of March 31, 2023, our disclosure controls and procedures were designed at a reasonable assurance level and were effective to provide reasonable assurance that the information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial and accounting officers, as appropriate, to allow timely decisions regarding required disclosures.

Changes in Internal Control Over Financial Reporting

There has been no change in our internal control over financial reporting during the three months ended March 31, 2023 that has materially affected, or is reasonably likely to materially affect, the Company’s internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

Management recognizes that a control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud or error, if any, have been detected.

Part II - Other Information

Item 1. Legal Proceedings

We are a defendant in various lawsuits and other pending and threatened litigation and other adversarial matters as well as regulatory investigations, all of which have arisen in the ordinary course of business. While the ultimate outcome with respect to such proceedings cannot be predicted with certainty, we believe they will not have a material adverse effect on our financial condition or results of operations.

On March 25, 2021 and April 9, 2021, we were named as a defendant in two putative class action lawsuits relating to the Transactions that have since been consolidated under the caption In Re MultiPlan Corp. Stockholders Litigation, Consolidated C.A. No. 2021-0300-LWW (Del.Ch) ("Delaware Stockholder Litigation"). The Delaware Stockholder Litigation asserts breach of fiduciary duty claims and aiding and abetting breach of fiduciary duty claims against the former directors of the Churchill board, the Sponsor, KG and M. Klein (collectively, the "Churchill Defendants") and the Company. The Delaware Stockholder Litigation complaint alleges that the Transactions were a product of an unfair process by Churchill, which was allegedly impacted by conflicts of interest, resulting in mispricing of the Transactions. The complaint seeks, among other things, damages, certain equitable relief including the reopening of redemptions, and attorneys' fees and costs. The Company and the Churchill Defendants filed motions to dismiss the complaint. On January 3, 2022, the Chancery Court issued a ruling granting in part the Company's motion to dismiss and denying the motion to dismiss filed by the Churchill Defendants.

While the Company was dismissed from the Delaware Stockholder Litigation, the consolidated lawsuit proceeded against the Churchill Defendants. We had previously agreed to indemnify certain of the Churchill Defendants with respect to the Delaware Stockholder Litigation.

On November 17, 2022, the Company and the parties to the Delaware Stockholder Litigation entered into a settlement agreement, which is subject to court approval, to fully and finally resolve the Delaware Stockholder Litigation. In connection with the settlement, the Company and its insurers have agreed to pay \$33.75 million in exchange for a broad release of all claims related to the business combination and ownership of Churchill stock and warrants from February 19, 2020 through October 8, 2020. The settlement is being paid pursuant to the Company's indemnification obligations and from available director and officer insurance policies.

On February 28, 2023, the Delaware Court of Chancery held a settlement hearing relating to the Delaware Stockholder Litigation and approved the settlement, with the court ruling becoming final 30 days thereafter. As a result, the Delaware Stockholder Litigation has been resolved, and there is no pending stockholder litigation against the Company and its directors.

During the three months ended March 31, 2023 the Company paid the settlement of the Delaware Stockholder Litigation. The Company has also incurred legal expenses in connection with the Delaware Stockholder Litigation, which have been expensed as incurred and are included in general and administrative expenses in the accompanying condensed consolidated statements of (loss) income and comprehensive (loss) income.

Item 1A. Risk Factors

There have been no material changes during the three months ended March 31, 2023 to the risk factors previously disclosed in Item 1A. "*Risk Factors*" in the Company's 2022 Annual Report.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The table below represents the Company's repurchase of shares of its Class A common stock during the three months ended March 31, 2023.

(in thousands, except share data)							
Period	Total Number of Shares Purchased	Average Price Paid Per Share		Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs		Approximate Dollar Value of Shares that May Yet Be Purchased	
January 1 - 31, 2023							
Repurchase program ^(a)	—	\$ —		—	\$ —		—
February 1 - 28, 2023							
Repurchase program ^(a)	—	\$ —		—	\$ —		100,000
March 1 - 31, 2023							
Repurchase program ^(a)	5,248,247	\$ 1.09		5,248,247	\$ —		94,282
Total							
Repurchase program ^(a)	5,248,247	\$ 1.09		5,248,247	\$ —		94,282

(a) On February 27, 2023, the Company's board of directors approved a share repurchase program authorizing the Company to repurchase up to \$100 million of its Class A common stock from time to time through December 31, 2023. Repurchases under the share repurchase program may be made in amounts and at prices the Company deems appropriate and may be made pursuant to a trading plan intended to qualify under Rule 10b5-1 of the Exchange Act. Repurchases by the Company under the share repurchase program will be subject to general market and economic conditions, applicable legal requirements and other considerations, and the share repurchase program may be suspended, modified or discontinued at any time without prior notice at the Company's discretion.
